

Club Holdfast News

October 2023

From our last BOM meeting and the leading items of interest are as follows.

1. The Treasurer went through the year-to-date financials and the income stream is still low, but will now start picking up with bowls season commencing and club hireage for upcoming functions happening once again with the better weather. There will be some outside hireage on Club Pennant days over the next few months, but we can accommodate these with our Pennant days on Saturdays.
2. A further grant option has been lodged for light upgrades on A & B Green with the Holdfast council, but the outcome won't be known until Jan/Feb 2024.
3. The BOM have also approved for a Bi-folding door to be installed in the middle window area of the bar room section of the clubhouse, pending the council approving the work (they have agreed in principle) for a cost of \$12,500.00 including GST. This will enable a better flow to outside and we also looking at replacing the bitumen in the front area of Southern side of the clubhouse with cement as well.
